About the park Poole Road Recreation Ground with its athletics track, tennis courts, basketball courts, football fields, boxing club and gymnastics club is a popular park for sporting enthusiasts. The park also has a large playground and a pavilion with hall to hire. Please note that this is a dog-free park.

History

In 1934 J.T Overton, who was a developer, was about to build on the Ewell Court estate and had offered the house and the gardens to the Council. At the same time he offered a second property to the Council; this consisted of 12 acres on the south side of the Hogsmill. Plans for a recreation ground in West Ewell had been on the table since 1923, and this purchase meant that they could go ahead.
