Entrances

Hogsmill Nature Reserve
Cox Lane

About the park

Small recreation ground with a skatepark. Wheelscape designed and built the skatepark, which opened in 2013.

History

Originally the skate facility was used as an outdoor basketball area. Following a request from young people on the Water's Edge Estate, and a subsequent consultation, it was decided that the area would benefit from a facility where they could skate and ride their bikes.

A number of successful funding bids were submitted with £40K of the funding coming from Surrey County Council's Community Improvement Fund, £34K from Epsom & Ewell Borough Council and £10K contributed by Surrey County Council's Local Committee Members.
