

Four Year Plan 2020-2024

Welcome to our Four Year Plan

This plan sets out our strategy for the provision of local services for residents, businesses and visitors during the four year period 2020 to 2024.

Our vision for the future

In 2018, we commenced a Council led initiative to develop a long-term vision for the borough, a project we called Future 40. Through extensive engagement and consultation we brought together the views and aspirations of people that live and work in Epsom and Ewell. We identified five overall themes that best reflect people's views and priorities for the borough until 2040. These five themes form the core of this four year plan.

Green and vibrant

Opportunity and prosperity

Cultural and creative

Safe and well

Smart and connected

Our finances and other challenges

At present, local government finance remains unclear. Despite this uncertainty, we will continue our drive to work as efficiently and effectively as possible, reviewing services, assets and other sources of income, but will remain adaptable awaiting the outcomes of central government reviews on how councils are funded and how business rates are to be distributed in the future. Our funding model will be reflected in our Medium Term Financial Plan, which will provide us with the financial principles upon which we can make sound financial decisions.

We face a number of other challenges over the course of this plan, for example, our local population is growing with an increasing number of elderly people living in the borough. This will place increasing pressure on development and available sites to provide housing and affordable homes as well as a growing demand on some of our discretionary services. Working closely with our partners in local government, the health service and police, our community and the voluntary sector, will remain vital for our success.

Our Borough

Current facts

- 80,000 circa people live in the borough of Epsom and Ewell. We are the smallest and most densely populated borough in Surrey.
- Over the 25 year period 2016 to 2041, the borough's population is projected to grow by 16.2%.
- There are over 32,000 homes in the borough
- 42% of the borough is Green Belt
- Fourth least deprived borough in Surrey.
- We have the smallest CO₂ per capita emissions in Surrey

Our Organisation

To deliver this plan over the next four years we need to ensure that we have the right skills to be entrepreneurial and enterprising, and that we invest in technology to improve services and access to them. We believe in listening and engaging with our community and will continue to improve our level of engagement. We want the borough to be a fair, inclusive and safe place for everyone, further promoting equality and diversity will contribute towards the plan's success.

We have a set of organisational behaviours to help deliver the plan and continue to evolve as a Council.

We take an
enterprising
approach to service
delivery

We empower by collaborating with passion and energy

We engage by caring and supporting one another

We enable by delivering today with an eye on the future

We enjoy – one team enterprising Epsom & Ewell Borough Council

How we will report

We will set targets for each year of the plan which we will monitor regularly together with other performance indicators. At the end of each year we will produce an Annual Report to outline progress made.

Themes for 2020 to 2024

We have taken the five themes from our vision and added a sixth, Effective Council, to deliver against over the course of this plan. Further details are provided over the following pages.

A better place to live where people enjoy their surroundings

Priorities	Key outcomes	How are we going to do it?	How will we know we are delivering?
